**Sales Tax** – The tax rate which was passed in November 2008 to increase the rate to 4/10 of 1% has been helping Skagit Transit to provide increased services in 2009 to present. Sales tax is Skagit Transit’s main source of revenue. Over the last 5 years, the actual revenue exceeded the budget by 11% average. Skagit Transit projects sales tax revenues to increase in 2019 by approximately 5% over the 2018 budget.

**Fares** - Skagit Transit provides local fixed route service, commuter bus service, general public demand response service, ADA transit service, and a vanpool program. Skagit Transit has been seeing declining ridership in Fixed Route Services due to relatively cheap fuel cost in the past few years. Skagit Transit estimates that 2018 fare revenue will be approximately \$882,700. The 2019 fare revenue will remain at the same level as 2018.

**Fixed Route Service:** Skagit Transit’s fixed route service includes local routes and commuter routes. There was no plan for service increase in 2018 and the next service level changes will take effect in Jan 2019. The projected fixed route ridership for 2018 is 740,000 which is a 12% increase from 2017. Skagit Transit is expecting the ridership to increase by 5% in 2019.

**ADA Transit:** ADA Paratransit provides specialized transportation comparable with Skagit Transit's fixed-route bus service. In 2018, ADA transit boardings increased by 7.3% from 2017 and the ridership projection for 2018 is 68,700. The ridership is estimated to be increased by 10% in 2019 from 2018. ADA Paratransit services are fare free service.

**Vanpool Program:** The Vanpool Program is a service that allows people with long commutes to share the drive to work with others making the same or similar trip. Vanpool groups must either start or end their trip in Skagit County. Groups pay a monthly fee and a per mile charge. Skagit Transit maintains the van and provides fuel and insurance. In 2017, the projected cumulative sum of the distances ridden by each vanpool passenger total is 4,883,849 miles. By far the largest number of vanpool users, 60%, are traveling to Snohomish County as Boeing employees. The vanpool program has a goal of increasing the number of vanpool groups by two to five per year, however forecasting demand for the service can be difficult because of variables such as gas prices, tolls, parking, and local employment trends.

**Investment Interest** – Skagit Transit invests in the Washington State Treasurer’s Local Government Investment Pool (LGIP) the portion of its funds that do not need for immediate operations. During 2018, the rate of return for the LGIP has been higher than 2017 and is between 1.44% and 2.07%. Skagit Transit estimates interest revenue will grow by \$65,000 in 2019.

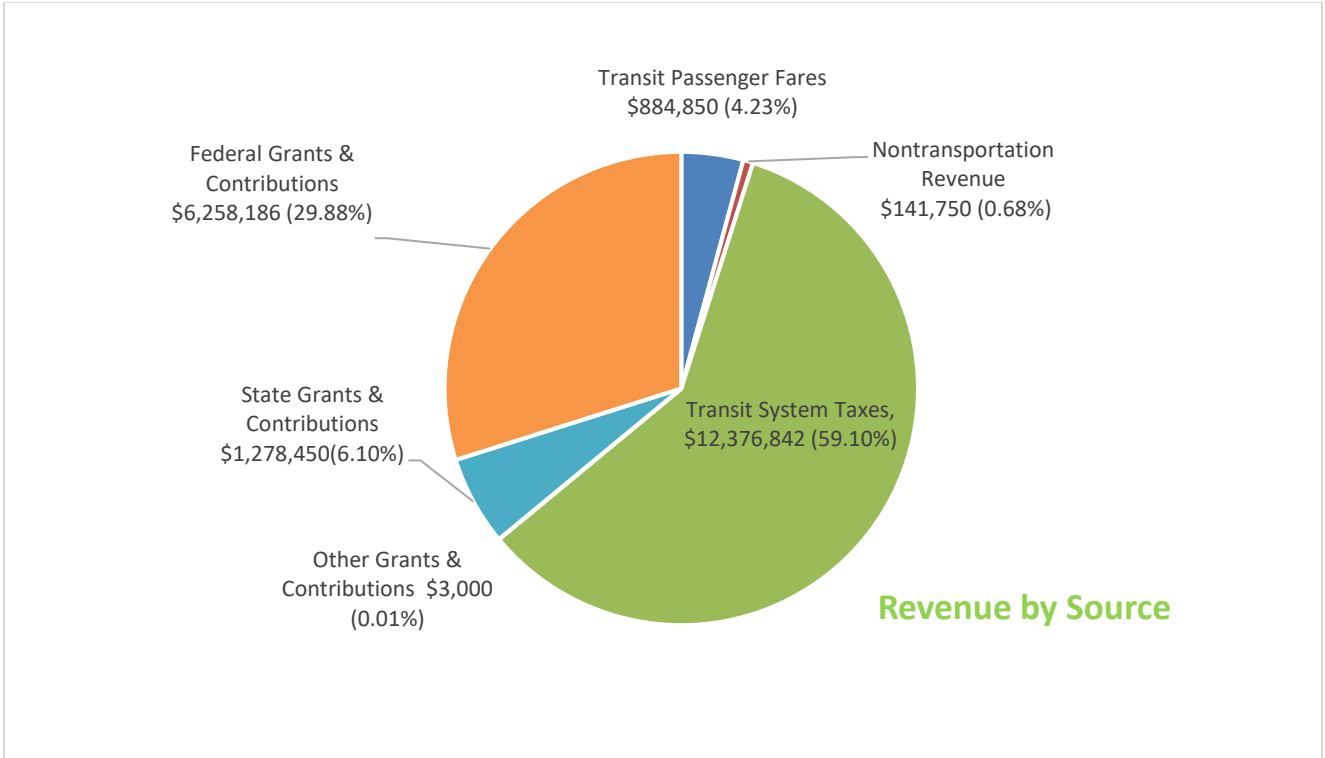

**State and Federal Grants and Contributions** – Skagit Transit is expecting to receive \$7,539,636 state, federal and local grants and contributions in 2019. See Grant Budget section for more information.

**Non Transportation** - The 2019 budget for miscellaneous revenues totals \$21,750, including the rental revenues from concessions, building, and meeting room at the Skagit Station.
